We write to cordially invite you and your students to join the **STEM activities** organized by the Bright Future Engineering Talent Hub (the Hub) in Summer 2022.

Dr Roy Chung, the Founder and Chairman of the Bright Future Charitable Foundation (the Foundation), aspires to promote engineering education and make Hong Kong a breeding ground for engineering professionals to support the future development of Hong Kong and the Greater Bay Area. The College shares the same vision with Dr Chung and undertakes to establish the Hub, thanks to a generous donation from the Foundation.
